### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Jonathan N. Geld on 3/26/2007.

The application has been amended as follows:

a) Claim 28 has been changed from:

28. An apparatus comprising: a network element port circuit comprising a first input/output (I/O) port, a second I/O port and a third I/O port; an optical connector interface coupled to said third I/O port and configured to couple an optical network connector to a mounting surface and couple said optical network connector to said first I/O port; an electrical connector interface coupled to said third I/O port and configured to couple an electrical network connector to said mounting surface, and couple the electrical network connector to said second I/O port wherein said optical connector interface and said electrical connector interface are vertically aligned with one another with respect to said mounting surface; said the optical connector interface is configured to be separably coupled to said optical network connector, and said electrical connector interface is configured to be separably coupled to said electrical network connector.
